

The IAMX Validated Logo

Congratulations!

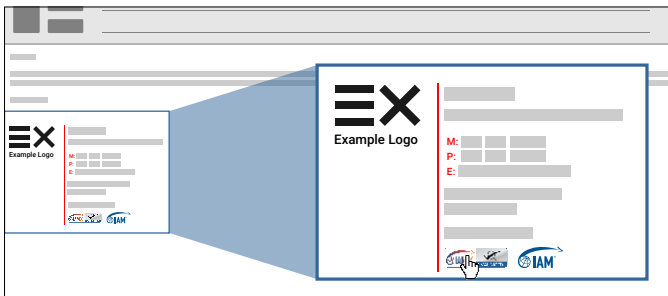

Your company is now IAMX-Validated; **Trusted Worldwide**. All your qualifications and credentials have been verified to be correct and accurate with back-up documents readily viewable in your company profile.

To make the most of your IAMX-Validated status, you must help create awareness by calling people's attention to it in subtle but effective self-promoting ways.

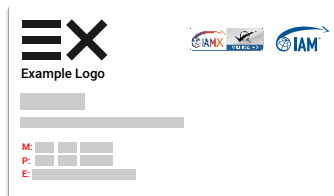

Here are ways to promote your IAMX Validation:

Learn how to embed a link to your IAMX company profile by watching this [short tutorial video](#): Linking to Your IAMX Validation Profile. Your colleagues and customers can check your company details and qualifications instantly by clicking on the link.

Learn how to use the IAMX-Validation logo properly and strategically through the following ways:

- a. In your E-Mail Signature - Have your company e-mail signature line feature the IAMX-Validated logo

- b. On your Business Cards - Have your business cards display the IAMX-Validated logo
- c. In your Advertisements - Have your magazine, newsletter and digital advertisements feature the IAMX-Validated logo

- d. On your Website - Have your website promote the IAMX-Validated logo and what it means.

With joint efforts from the IAM, IAMX and your company, your IAMX-Validated profile will let everyone know that you are **TRUSTED WORLDWIDE**.
